

# In-Class Worksheet 4: Regular Expressions

Clarissa Littler

October 9, 2014

## 1 RegExps

Write regular expressions for the following languages (you're allowed to use  $\Sigma^*$  as a shorthand)

- $\{ w \mid w \text{ has at least three 1s} \}$
- $\{ w \mid w \text{ has length at least 3 and less than 5} \}$

## 2 Conversion of Regular Expressions to NFAs

Convert the previous regular expressions to NFAs, convince yourself that they really *are* the same
